Not a "pressing" concern, we were just curious from the standpoint of knowing where things are at with our workloads/project commitments. thanks

Yes, I am still reviewing it. Can I ask if there is a pressing concern for finalization of the document?

Hi Erica,
 Dave and I were curious to see where finalizing the ESI is at. Are you still reviewing it?

I'm still reviewing, I'm sorry. I wasn't the SAM for this site. I'm hoping it will be finalized within a few weeks.

Hi Erica,
Dave and I are curious to see where things are at with the ESI. Is this ready to be finalized?

I have uploaded the Draft final of the ESI Report for the St. Louis Park Solvent Plume Site. Because of its size, I loaded it as three files...1 Word file – the text of the report; 1 smaller PDF file (14 MB) – Text, tables, figures only; and 1 large PDF file (159 MB) that is just the appendices. Please let me know if there are any questions or if you have difficulties with the file size..they can always be broken up further.

Greg
